WH-TA01EE

Basic functions

- ✓ Plasma ion purifier
- One touch my comfort
- ✓ Comfort sleep
- ✓ Hi power
- ✓ Eco logic
- ✓ Fix & Swing (*Comfort-Smart Airflow*)
- ✓ Preset
- ✓ Fan speed (*Powerful & Precise*)
- Floor warming
- ✓ Quiet
- ✓ Power select
- ✓ 8°C
- Off timer (0.5, 1, 1.5, -12hrs.)
- ✓ 3D airflow
- ✓ Weekly timer

Others

- ✓ Luminous buttons
- ✓ Backlight display
- Wired connectable remote-controller

BACK UP

3D Airflow

Improved comforts by distributing powerful/stable air volume in 6 unique airflow patterns

8°C heating

Indoor temp kept at 8°C reduces the chance of water inside of the building pipes from freezing

Plasma Ion Purifier

Creates fresh and healthy environment, absorbs and decomposes smoke, food smells and bad odors. This function can be switched on or off anytime by just pressing PURE button.

Fan

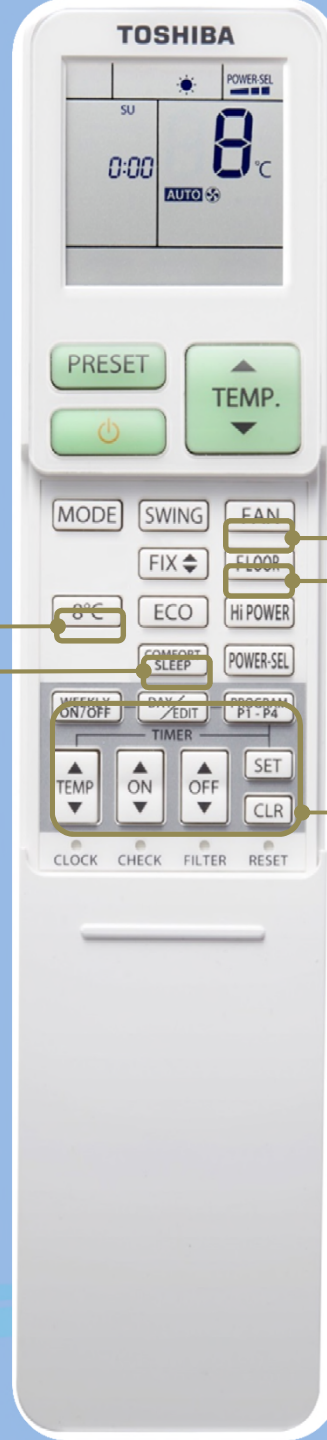

The indoor will operate 5 fan speed (High, medium+, medium, low+, low) plus auto and the lowest noise level "Quiet mode".

Comfort Sleep

For optimum comfort, set the temperature to rise by 1°C after 1 hour, then another degree after 2 hours, which will be maintained until morning.

Weekly timer

Weekly timer allows to set "one and off" timer, Temperature setting, Operation mode and Fan speed up to 4 different settings in a day and 7 different programs in a week.

8°C heating

Indoor temp kept at 8°C reduces the chance of water inside of the building pipes from freezing

Comfort Sleep

For optimum comfort, set the temperature to rise by 1°C after 1 hour, then another degree after 2 hours, which will be maintained until morning.

Fan

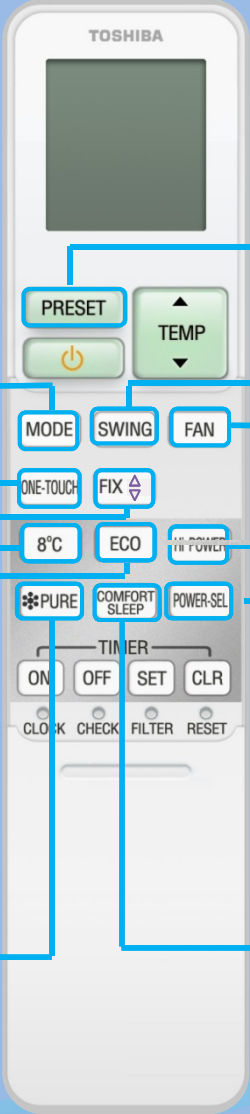

The indoor will operate 5 fan speed (High, medium+, medium, low+, low) plus auto and the lowest noise level "Quiet mode".

Floor warming mode

Floor warming mode can be compared to the warmth of a fireplace. It blows warmer air than the normal heating mode with less uncomfortable blast of the air. You can easily choose this mode by pressing the remote-control button.

Weekly timer

Weekly timer allows to set "one and off" timer, Temperature setting, Operation mode and Fan speed up to 4 different settings in a day and 7 different programs in a week.

Operating Mode

Select from 3 mode Cooling, Fan Only or Heating.

ONE-TOUCH

Toshiba has conducted extensive studies to assess customer behavior in order to offer a combination of features that is perfect for you.

Fixed louver

To move the louver in the desired vertical direction.

8°C in Heating

By running the air conditioner at low-heat setting during the winter season, indoor temperature is kept about 8°C, reducing the change that water may freeze inside the pipes of the building.

ECO

Achieve energy-savings of up to 25% compared with standard settings without sacrificing comfort.

Plasma Air Purifier

By IAQ system filter

PRESET

Store your desired settings and activate them at the touch of a button.

Swing louver

Select your optimum airflow by selecting from a range of Swing louver positions.

FAN

The indoor will operate 5 fan speed (High, medium+, medium, low+, low) plus auto and the lowest noise level "Quiet mode".

Hi POWER

Extra airflow to rapidly reach your desired temperature setting.

Power select

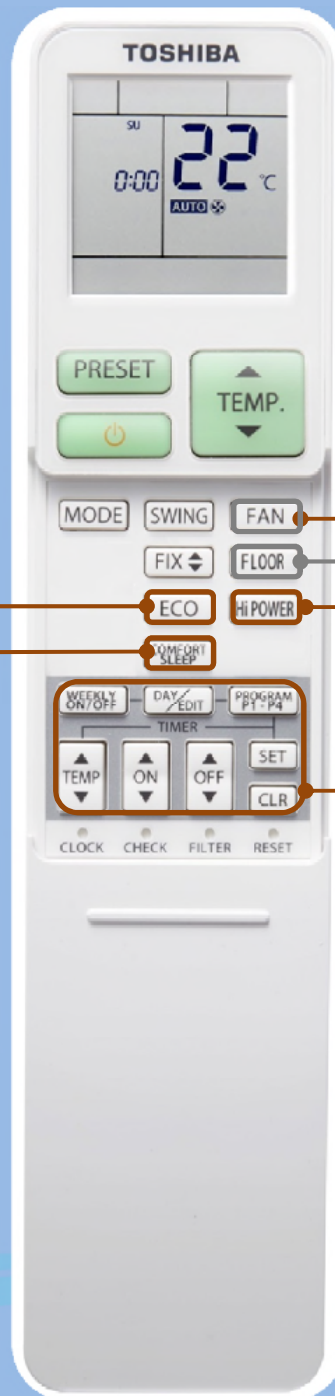

The latest feature helps make today's lifestyle more comfortable as it offers the benefit to saving electricity

COMFORT SLEEP

For optimum comfort, set the temperature to rise by 1°C after 1 hour, then another degree after 2 hours, which will be maintained until morning.

ECO

Achieve energy-savings of up to 25% compared with standard settings without sacrificing comfort.
